

WELCOME TO OUR WORLD DIGITAL NOMAD

THE ONLY DEVELOPMENT IN TULUM  
WITH VIDEO AND PHOTOGRAPHY PRODUCTION STUDIO 

## REVERENCE TULUM

The only real estate project in Tulum focused on Digital Nomads.

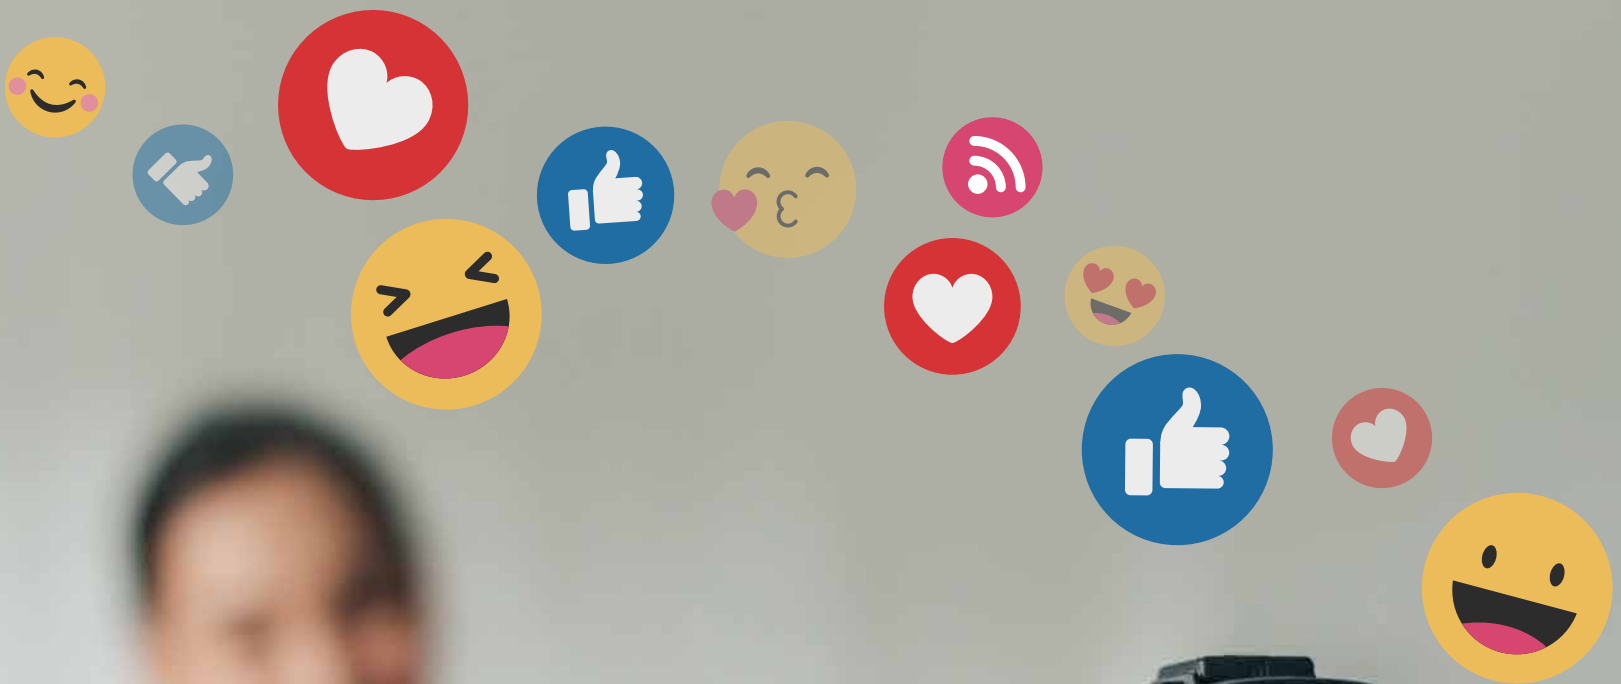

Reverence is a business model, in which our amenities, such as the **Video and Photography Production Studio** 📷🎥 and the **Coworking** 🖥️ will make the properties more profitable due to the type of spaces and services that the tourist is looking for today in Tulum; as well as the **Restaurant** 🍴 in the same building and an alliance with a **Beach Club** 🏖️ for your relaxation.

## REVERENCE TULUM

Our Video and Photography Production Studio will help your business model so that tourists, Digital Nomads, who travel the world and in turn work, have a space available to make their content in a professional way.

This service is inside the building and is an area of use, so you will not pay common expenses or maintenance for it and, at the same time, you will have the opportunity to offer your guests a unique space to carry out their work.

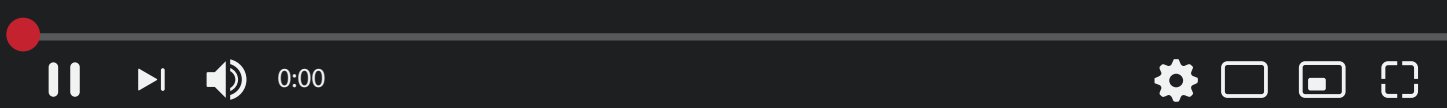

## DID YOU KNOW?

20 to 25% of the population claims to attend shows, but 75 to 80% of the public prefers to stay at home and is willing to consume everything that is broadcast on the Internet. 🌐 E This model will remain as part of the face-to-face events and each event will have the virtual and face-to-face option depending on the type of audience.

Currently the "fake live" is applied a lot, where people come, record, edit and then broadcast.

In our Video and Photography Production Studio you can create valuable content in a more professional format.

 Examples of what you can produce:

-  Courses
-  Tedx Talk
-  Master Class
-  Standup
-  Webinars
-  Reviews
-  Recommendations
-  Diy
-  Tutorials
-  Podcast
-  Music Videos
-  Photographic Portfolio

For this we have dressing rooms, private bathroom and meeting area with SMART TV where you can see what happens in the forum.

Now that you have internalized our world, it's time to make the best decision: ¡Invest in Reverence!.
